

Our Handbook for Business, the Bible

Loving your neighbour

Stay with me on this because it's probably the greatest success secret ever!

One that, when missing, helps explain why so many people fail in life, relationships and business; yet, when present it transforms destinies!

I refer here to the command Jesus gave to love your neighbour:

Of course, He's referring to Agape love; that is, unconditional, selfless love, flowing from heaven through the cross into and out of the lives of His followers

And because most people don't follow Him, they live at best with selfish or conditional love; at worst, with Misero love that actually hates & detests others

And hear my heart, this doesn't mean staff aren't pleasant & helpful to customers or that businesses without Agape love will automatically fail.

My counsel for business owners:

It's obvious the marketplace, like the world, has become cold & loveless, inhabited by too many thieves and charlatans that love money, position and power over people!

Your opportunity is to ignore their business model and be the opposite:

Christians called into business, imbued with Handbook wisdom, led by the Holy Spirit, should be the most successful operators, the envy of their competitors!

The Master's sales plan is to love the person first, then pour value into the transaction. So, why is that first step omitted?

Potentially, the # 1 reason is captured in today's theme! Too many it seems, are running with conditional love.

That's not good enough and it's not what the Master requires of us!

Imagine your business displaying neighbourly love as a kind of refuge in an otherwise, loveless world...it would surely become a magnet for prospects and customers.

The Bible, our Handbook counsel for today, Matthew 22:39, NKJV...
